RESEARCH PROPOSAL REVIEW
REQUEST FOR INFORMED CONSENT WAIVER

Research may be considered for waiving requirement of informed consent if the research is consistent with one of the following categories. Please check the categories that you believe are appropriate in describing your proposed research (Check all that apply):

_____ The only record linking the participant and the research would be the consent document, and the principle risk would be potential harm resulting from a breach of confidentiality. Each participant will be asked whether the participant wants documentation linking the participant with the research, and the participant’s wishes will govern.

_____ The research presents no more than minimal risk (as defined by federal regulations) of harm to participants, and involves no procedures for which written consent is normally required outside of the research context.

DO NOT COLLECT ANY DATA FROM OR ABOUT HUMAN PARTICIPANTS UNLESS YOU HAVE RECEIVED EXPLICIT WRITTEN APPROVAL FROM THE ERC.
